

Northern Athens is a vibrant, colorful and sophisticated world that's an escape from the city yet still within the city. Right in the heart of the area and only 20 minutes away from the city's downtown is the hotel Civitel Attik, a tranquil first-class business, sports and family hotel set in leafy green suburb of Maroussi. This neighborhood is many things at once: it is the new, upscale business hub of Athens where many multinational companies, fine private hospitals and modern conference centers have established themselves, yet also an unparalleled shopping destination thanks to its several malls and shopping areas.

Superior Rooms

Imagine your very own living space that is up to 28 meters square, just steps away from a refreshing pool and delightful dining area. Soothing beiges and whites mix with a touch of vibrant greens or oranges to create a modern setting that makes you feel right at home. Perfect for businesspeople who want a desk and fast internet, the rooms are also popular with families for their spaciousness and convenience.

There are also several connecting rooms which can easily and comfortably accommodate a family of four or five. Choose between pool view if you want to check on your friends or children at a glance from the room and garden/mountain view for a relaxing, quiet experience.

The bathroom and large sink area are a joyful experience, thanks as well to the toiletries, hairdryer and slippers. In-room conveniences include global satellite television, blackout shutters, double-glazed windows, safe deposit box and mini fridge with free mineral water.

Dining & Bar

A superb, nutritious breakfast is the best way to start the day, and the Civitel Attik will not disappoint in this respect. Delicious warm croissants, fresh country eggs, toasted bread, tasty cakes, local jams, savory Greek cheeses, and a large variety of both eastern and western breakfast specialties are on offer here, including fresh juice, hot coffee and tea to help start the day. Sit indoors for a genuine power breakfast or outdoors at the terrace for a more laid-back breakfast overlooking the pool. This is where the best of Civitel's generosity can be experienced.

You can also enjoy the restaurant and terrace throughout the day, thanks to a well-studied menu that offers salads, sandwiches, main dishes and desserts. The tuna salad bagel and whole wheat baguette with turkey are some of the healthy choices on offer, matching perfectly with the rocket-parmesan salad or the traditional Greek salad. There's also a delicious choice of pastas, as well as meaty dishes like chicken filet and pork filet (a Greek specialty). Maintaining the healthy trend is the Cretan virgin olive oil that makes its way into most dishes in true Greek fashion, instead of using other types of fat.

Finish your meal with a delicious ice cream and ask for the dessert of the day. Best of all, the menu is also available for room service, giving you the choice to sit in the privacy of your spacious quarters or on your very own balcony. During the day you can also order from a number of fresh fruit juices, cocktails, beers and spirits for a leisurely time by the pool or in the lobby, or you might want to head to the restaurant's bar for a drink or two with friends or colleagues.
